TIPS FOR PRINTING & USE:

If possible, print on card stock and laminate or cover with clear contact paper for durability.

Ideas for use:

1. Cut out worms (page 4 and/or page 5).
2. Cut a slit or narrow hole along the dotted lines on the apples. Cut out apples individually or leave on pages.
3. Lay apples out and mix up the worms (use only one set of worms per game).
4. Have children choose one worm at a time and count the number of **black lines** (page 4) or **colors** (page 5) on the worm. Have them slip the worm into the apple with the same number.
5. Use as a supervised activity or as a free-time learning center.
